E-Content and MOOCS available on CEC

The Consortium for Educational Communication, popularly known as CEC, is one of the Inter University Centres set up by the University Grants Commission of India. It has been established with the goal of addressing the needs of Higher Education through the powerful medium of Television along with appropriate use of emerging Information Communication Technology (ICT).

Realizing the potential and power of television to act as a means of educational knowledge dissemination, UGC started the Countrywide Classroom Programmes in the year 1984. For production of such programmes, Media Centres were set up at 6 Universities. Subsequently CEC emerged in 1993 as a nodal agency to coordinate, guide & facilitate such Educational production at the National level. Today 21 Media Centres work towards achieving this goal under the umbrella of CEC.
